## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 9/10/2004 has been entered.

Claims 1-3, 5, 7-10, 12-14, 16-18, 20, 22-25 and 27-29 are pending in the instant application.

### ***Request for Correction/Amendment of Inventorship Under 37 C.F.R. 37 1.48(a)***

Receipt is also acknowledged of a request for change in inventorship under 37 C.F.R. 1.48(a) along with a statement from the added inventor (Dr. Jeng-Shin Lee), a statement of consent from the assignee (The Children's Medical Center Corporation) and a new Oath/Declaration from each of the applicants (all of which were filed 10/29/2004).

In view of the papers filed 10/29/2004, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by the addition of Dr. Jeng-Shin Lee.

Art Unit: 1636

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.

### ***Information Disclosure Statement***

Receipt is also acknowledged of an information disclosure statement, filed 9/10/2004. Each of the references has been considered. The signed and initialed PTO Form 1449 has been mailed along with this action. The Kotsopolou et al reference has been lined-through solely due to the fact that it is a duplicate citation of the same reference, which had already been cited by the examiner in the office action mailed 12/16/2003. This was done in order to avoid duplicate citations of the same reference on the issued patent.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the newly cited art does not anticipate or make obvious the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Claims 1-3, 5, 7-10, 12-14, 16-18, 20, 22-25 and 27-29 are allowed (now claims 1-22).
